

DENER ARAUJO PERES

[Portfolio](#) | [LinkedIn](#) | deneruaraujo@gmail.com | [GitHub](#)

Skills

- HTML5 | CSS3 | JavaScript | React | TypeScript | Next.js | TailwindCSS | Git | Node.js | NestJS | PostgreSQL | Docker | Prisma

Front-end Projects

Exclusive Store

[LIVE](#) | [REPO](#)

React | NextJS | TypeScript | TailwindCSS with PostCSS | Stripe API | React-Slick | Material UI | Radix-UI | Figma

- An e-commerce that uses React & NextJS, a couple of libraries and the Stripe API for products and checkout. Free design from Figma, made by: [@mdrimel15](#).

▪ Some features such as colors, sizes, filters, login, etc., do not work due to lack of a proper back-end.

BookSearch

[LIVE](#) | [REPO](#)

React | NextJS 12 | TypeScript | TailwindCSS | Google Books API

- Uses the Google Books APIs to search for any book that is in the Google database and return cards with a couple of information about the books. The user can click a card to open a new tab to see more about the selected book and a link to see it on google play.

Education

Rocketseat Bootcamp

- [Ignite program](#) at [Rocketseat](#) | October 2022 - October 2023
