DENER ARAUJO - AKEHAA

LinkedIn | Portfolio | akehaa.dev@gmail.com | GitHub

Skills _____

- Javascript | TypeScript | React | Next.js | REST API consumption | Git | TailwindCSS with PostCSS | Material UI | Radix UI

Projects _____

Exclusive Store   **LIVE | REPO**

- **React | NextJS 13 | TypeScript | TailwindCSS with PostCSS | Stripe API | React-Slick | Material UI | Radix-UI | Figma**

- An e-commerce that uses the new app folder from NextJS 13, a couple of libraries and the Stripe API for products and checkout. Free design from Figma, made by:**@mdrimel15**.

BookSearch   **LIVE | REPO**

- **React | NextJS 12 | TypeScript | TailwindCSS with PostCSS | Google Books API**

- Uses the Google Books APIs to search for any book that is in the Google database and return cards with a couple of information about the books. The user can click a card to open a new tab to see more about the selected book and a link to see it on google play.

Education _____

- **ReactJS Specialization Bootcamp**
Ignite program at Rocketseat | October 2022 - April 2023
